## THE MASK LAB

Premier supplier of international quality Surgical Face Masks and Respirators, trusted by individuals and industries.

The Mask Lab is Control Print Limited brand renowned for its reliable masks that meet international standards and is a preferred supplier of personal protective equipment for industrial sectors. With a focus on safety, the company continuously adapts to meet the evolving needs of individuals and industries worldwide, prioritizing customer satisfaction and upholding its commitment to quality and social responsibility. We have state-of-the-art manufacturing facility to produce top-quality Surgical Face Masks and FFP1/FFP2/FFP3 and IS 9473 Approved Respirators, meeting international standards.

### About Control Print Limited -

Control Print Limited is a premier coding and marking equipment manufacturer. With 11 branches across India and offices in Sri Lanka, Bangladesh, Nepal, and Oman, having a dedicated workforce of over 500 employees, including more than 300 factory-trained engineers, sets Control Print apart in the industry, enabling them to deliver high-quality products and services. Founded in 1991, and listed on the NSE and BSE,

### Standard/Approval:

- ✓ **Product Name** : FFP1 Respirator
- ✓ **Model No.** : VAAJU
- ✓ **Standards / Approval** : IS 9473
- ✓ **Colour(s)** : Grey
- ✓ **Exhalation Valve** : No
- ✓ **Mounting Type** : Ear loops and head loops
- ✓ **Adjustable Beads** : Yes
- ✓ **Pack Size(s)** : 50 Nos / polybag, 10 polybags / shipper carton

### Standard/Approval:

- ✓ **Product Name** : FFP1 Respirator
- ✓ **Model No.** : TML-01
- ✓ **Standards / Approval** : IS 9473
- ✓ **Colour(s)** : Grey, Yellow, White
- ✓ **Exhalation Valve** : No
- ✓ **Mounting Type** : Head loops and Ear loops
- ✓ **Adjustable Beads** : Yes
- ✓ **Pack Size(s)** : 50 Nos / polybag, 10 polybags / shipper carton

#### ( Application )

#### ( Recommended Industries )

Sanding, Stripping, Grinding, Cutting, Drilling	Rust, Most metals, Filler, Concrete, Stone
Construction/Maintenance	Scabbling, Shot-creting (concrete dust) Platering, Rendering, Cement mixing, Demolition
Allergens/Biohazards	Pollen, Animal dander
Agriculture/Forestry	Feeding livestock, Cleaning sheds/ Harvesters

### Standard/Approval:

- ✓ **Product Name** : FFP1 Respirator
- ✓ **Model No.** : TML-01-V
- ✓ **Standards / Approval** : IS 9473
- ✓ **Colour(s)** : Grey, Yellow, White
- ✓ **Exhalation Valve** : Yes
- ✓ **Mounting Type** : Head loops
- ✓ **Adjustable Beads** : Yes
- ✓ **Pack Size(s)** : 30 Nos / mono carton, 10 mono cartons / shipper carton

#### ( Application )

#### ( Recommended Industries )

Sanding, Stripping, Grinding, Cutting, Drilling	Rust, Most metals, Filler, Concrete, Stone
Construction/Maintenance	Scabbling, Shot-creting (concrete dust) Platering, Rendering, Cement mixing, Demolition
Allergens/Biohazards	Pollen, Animal dander
Agriculture/Forestry	Feeding livestock, Cleaning sheds/ Harvesters

Standard/Approval:

- ✓ **Product Name** : FFP2 Respirator
- ✓ **Model No.** : TML-02
- ✓ **Standards / Approval** : IS 9473
- ✓ **Colour(s)** : Grey, Yellow, White
- ✓ **Exhalation Valve** : No
- ✓ **Mounting Type** : Head loops
- ✓ **Adjustable Beads** : Yes
- ✓ **Pack Size(s)** : 50 Nos / polybag,  
10 polybags / shipper carton

Standard/Approval:

- ✓ **Product Name** : FFP2 Respirator
- ✓ **Model No.** : TML-02-V
- ✓ **Standards / Approval** : IS 9473
- ✓ **Colour(s)** : Grey, Yellow, White
- ✓ **Exhalation Valve** : Yes
- ✓ **Mounting Type** : Head loops
- ✓ **Adjustable Beads** : Yes
- ✓ **Pack Size(s)** : 30 Nos / mono carton,  
10 mono cartons / shipper carton

( Application )	( Recommended Industries )
<b>Sanding, Stripping, Grinding, Cutting, Drilling</b>	Cement, Wood, Steel, Paints, Varnish, Anti-rust coating, Resins, Reinforced plastics (carbon/glassfibre)
<b>Construction/ Maintenance</b>	Scabbling, Shot-creting (concrete dust) Plastering, Rendering, Cement mixing, Demolition, Groundwork, Earth moving, Piling, Underpinning, Spray foam, Loft Insulation
<b>Metal working/ Foundries</b>	Welding, Soldering, Electro-plating, Finishing, Slotting, Drilling, Riveting, Machining, Oxyacetylene cutting, Molten metal handling, Smelting
<b>Cleaning/ Waste Removal</b>	Disinfection, Cleaning, Waste removal
<b>Allergens/ Biohazards</b>	Mould/Fungus, Bacteria*, Viruses, Diesel exhaust/Smoke
<b>Agriculture/ Forestry</b>	Handling infected animals, Culling, Feeding livestock, Cleaning sheds/ Harvesters, Straw chopping, Composting, Harvesting, Pesticides, Insecticides (crop spraying)
<b>Mining/ Quarrying</b>	Tunneling, Drilling, Grinding, Excavation, Pumping, Dredging, Washing, Cutting, Sawing, Changing Filters
<b>Other Industrial Applications</b>	Ink, Dyes, Solvents, Chemicals, Powderd Additives/Chemicals Pharmaceuticals, Rubber/Plastic processing, Oil & gas extraction/ Processing, Wood/ Paper Mills

At The Mask Lab, we believe that high-quality protection should go hand-in-hand with a comfortable wearing experience. As part of Control Print, we have over three decades of cutting-edge technology and manufacturing expertise, access to internationally-sourced materials, and the highest adherence to safety standards.

Our expert-created masks are tested and approved for superior filtration, and provide the lowest breathing resistance for their class- ensuring that you can step out feeling secure in the safest, most breathable mask.
